Home of famous recordings from artists ranging from Paul McCartney to Ice Cube.*

The Elite+ Mixing System offers features, functionality, reliability and sonic purity that music production professionals worldwide have come to expect from Otari. A powerful, digitally-controlled analog design, Elite+ is compliant with all surround sound formats and offers a large number of fully resourced I/O's in a compact footprint.

At the heart of Elite+ is the new **Digital Master Module**, providing dedicated buttons and switches for faster, easier operation. Elite+ also offers dedicated direct assign (directly assignable bus outputs) and 5.1 panning. Eagle™ automation

software provides extensive control with dynamic fader automation, Image Recall and Snapshot Recall. Each input module is equipped with dual 100 mm faders and 4-band parametric EQ's. Available options include: dynamics (gates, compressor/limiters) and moving faders.

Elite+ is remarkably easy to use. It offers the recording engineer an intuitive layout that is powerful and versatile, yet doesn't require a steep learning curve.

Of the many mixing systems available to the music industry, Elite+ clearly offers more flexibility and performance at a price that will surprise you. Contact Otari now to arrange a personal demonstration.
